Protect Your Real Estate Assets

Helping Grow Your Investments
Our goal is to help commercial real estate owners, investors and services providers maintain and grow the value of their investments and business interests.

Your Defense Against Bad Policies
We participate in legislation and building code matters at the local, state and federal levels. We help policy makers understand why a healthy commercial real estate industry is vital to the communities in which we operate.

We work hard to reduce unnecessary regulations, taxes and other cost that make it difficult to conduct business.

BOMA Pittsburgh’s Impact

- **Advocacy** around the issues that impact the real estate industry and assisting legislators in making well informed decisions.
- **Codes & Legislative Representation** at the local, state and federal levels.
